AMENDMENT UNDER 37 C.F.R. 1.116(b)

Dear Sir:

Responsive to the Examiner's Action mailed April 29, 1998 and made final entry of the instantly presented amendment is respectfully requested. Entry of the instant amendment after an Examiner's Action made final is proper because the instant amendment introduces no new material issues of patentability not previously of record and places the claims in condition for allowance or in the alternative places the claims in better condition for appeal. Accompanying this amendment is a petition for a two month extension of time extending the time for response to September 29, 1998 and an authorization to pay the fees therefore. Please amend the claims in the above identified application as set forth below, and consider the following remarks.

CERTIFICATE OF MAILING (37 CFR 1.8a)

I hereby certify that this paper (along with any paper referred to as being attached or enclosed) is being deposited with the United States Postal Service on the date shown below with sufficient postage as first class mail in an envelope addressed to the: Commissioner of Patents and Trademarks, Washington, DC 20231.
